Architecture

Urban planning

Landscape Design

Interior Design

Work experience

Dates

June 2015 - Present (10 months)

Occupation or position held

**Architect - Project Manager
(permanent position)**

Main activities and responsibilities

Responsibility and coordination for the project Twist, an office building in Paris, France (10500 m2 - construction site starts in May 2016). The project team is up to 6 persons and it is both French and English speaking. My role is to provide technical answers to develop the project from the concept phase to the construction, to coordinate the team both for the technical drawings and the BIM model, to supervise the overview between the technical offices, to deal directly with the client and the general contractors.
(Archicad, Revit, Photoshop, Illustrator and Rhinoceros)
